Relocating to Charlotte / Raleigh, NC — Available Immediately

June 15, 2026

Hiring Manager
ADP
Charlotte, NC

Dear Hiring Manager,

Managing a \$5.47M portfolio to 145% of monthly quota in a declining market is the kind of quota track record that qualifies a rep for a strategic account responsibility — which is why I am applying for the Account Executive role at ADP in Charlotte rather than the entry-level position. I bring a proven B2B quota history, a Salesforce-driven territory management approach, and the consultative closing experience to compete at the AE level.

At KraftMaid Cabinetry, I held full strategic account management responsibility for 23 accounts and \$5.47M in annual revenue. I conducted structured business reviews with decision-makers, built joint growth plans with principal-level buyers, managed contract and pricing discussions, and used Power BI dashboards to track performance and identify expansion opportunities. I grew market share while the industry contracted 8% and hit 145% of monthly quota through disciplined consultative engagement. At TTI, I managed a \$4.06M territory with multiple brand lines and multiple stakeholder levels at each account, coordinating across managers, buyers, and operations contacts to drive 5.15% YOY revenue growth.

ADP's Account Executive role requires the ability to manage strategic accounts, present complex solutions to multi-stakeholder buying groups, and close larger, longer-cycle opportunities. My experience managing 23 accounts across greater Boston — each with multiple contacts, competing priorities, and budget cycles — is directly relevant. The product domain is HCM and payroll rather than consumer goods, and I will invest in understanding the ADP suite with the same depth I brought to every product line I have represented.

I am relocating to Charlotte immediately and am available to start without delay. The strategic account scope of the AE role and the OTE ceiling at ADP are the right match for where I am in my career. I would welcome the opportunity to make the case for that in a conversation.

Sincerely,
Collin Celic
