Relocating to Charlotte / Raleigh, NC — Available Immediately

June 15, 2026

Hiring Manager
Patterson Companies
North Carolina

Dear Hiring Manager,

Territory sales at Patterson lives on the same mechanics I have been executing for four years: structured account reviews with practice owners, consistent face-to-face field coverage, product education that creates pull-through, and the account trust that makes you the rep they call first. I am applying for the Territory Sales Representative role at Patterson because those are the skills I bring, and North Carolina is where I am relocating immediately.

At KraftMaid Cabinetry, I managed a \$5.47M annual portfolio across 23 accounts as the sole field representative. I conducted account business reviews, analyzed performance data with Power BI and Salesforce, and jointly built growth plans with dealer principals to protect share and identify incremental revenue opportunities. I delivered product training at every account — converting multi-level teams from passive stockers to informed advocates. This mirrors exactly how Patterson's best reps operate in a dental or medical practice territory. I achieved 145% of monthly quota in January 2026 and grew market share while the industry contracted 8%.

At TTI, I managed a \$4.06M multi-brand territory (Milwaukee Tool, Ryobi, Ridgid) and delivered 5.15% YOY revenue growth through daily in-person prospecting, product demonstrations for buyer groups, and disciplined new account development. The cadence of showing up, adding value, and consistently expanding the relationship is the same cadence that builds a Patterson territory.

I am relocating to North Carolina with no constraints on start date and am available immediately. I would welcome the opportunity to discuss the territory and how my background translates to Patterson's customer relationships and sales model.

Sincerely,
Collin Celic
