Relocating to Charlotte / Raleigh, NC — Available Immediately

June 15, 2026

Hiring Manager
UniFirst Corporation
Charlotte, NC

Dear Hiring Manager,

The UniFirst Outside Sales Representative model is built on high-volume cold prospecting, persistent new account development, and the competitive hunger to take business from incumbent service providers. That is a description of how I have built revenue for four years, and it is exactly the operating mode I am looking for in Charlotte.

At TTI, I drove new business growth on a \$4.06M multi-brand territory through daily cold calls to business owners, department managers, and purchasing decision-makers — converting accounts that had no prior brand relationship into consistent revenue contributors. I delivered live product demonstrations, handled objections against established incumbent brands, and grew the territory 5.15% year-over-year. At KraftMaid, I combined active new business prospecting with management of an existing \$5.47M portfolio, and exceeded quota — hitting 145% in January 2026 — during a period of industry contraction. At DCU, I closed 50+ financial products per month in a cold-outreach, high-compliance environment, developing the objection handling and rapid-cycle closing skills that transfer directly to UniFirst's prospecting model.

The uniform and workwear services business — with long contract cycles, competitive displacement selling, and a service-dependent recurring revenue model — rewards reps who are persistent, relationship-driven, and willing to make the call that their competitor has been skipping. I am that rep. I use Salesforce CRM to manage pipeline and track daily activity, and I understand that results in this business are a function of contact frequency and follow-through discipline over time.

I am relocating to Charlotte immediately with no start date constraints and am ready to begin prospecting the territory on day one. The base plus uncapped commission structure at UniFirst is the right environment for my skill set. I would welcome the opportunity to discuss the Charlotte territory in more detail.

Sincerely,

Collin Celic
