- **SMB Owner Engagement:** Built consultative relationships with dealer principals and owner-operators, leading with business discovery to align KraftMaid solutions to their specific revenue and operational goals.
- **CRM Activity Discipline:** Used Salesforce CRM and Power BI daily to track field activity, advance pipeline, prioritize accounts, and maintain reporting accuracy for regional management — the exact workflow ADP's sales model is built around.
- **Competitive Territory Management:** Analyzed competitive positioning and account vulnerability weekly, adjusting call prioritization and sales approach to protect and grow revenue in a contested market.

Bellingham, MA • July 2023 – February 2025

- **Fast-Cycle Competitive Closing:** Converted cold prospects into committed accounts by presenting a compelling value case against established incumbent brands — winning on consultative approach and in-person demonstration, not on price alone.
- **Account Development:** Expanded incremental revenue within existing accounts through structured upsell conversations, product line introductions, and floor space expansion tied to measurable sell-through improvement.
